Powerball Winner Claims \$600,000 Prize in Lisbon

Bismarck – On Friday, June 16 a North Dakota resident claimed a \$600,000 Powerball Power Play prize won in the Wednesday, June 14 drawing. The winner, who did not want to be identified, matched five white balls on the draw. The lucky player also purchased the Power Play feature, and the prize multiplier was three, making the ticket worth \$600,000.

The winning ticket was purchased at Warehouse Grocery Store in Lisbon. The store will receive a \$5,000 bonus for selling the winning ticket. Store manager, Doug Adam, said he extends his congratulations to the winner, whoever it may be! "It's good to see that positive things can happen in small communities like Lisbon," said Doug. To extend his appreciation, Doug is planning a Customer Appreciation Day, to be announced soon, hosted by the Warehouse Grocery Store. "We want the community to know that we appreciate their support. Without the community, we wouldn't be in business."

The \$600,000 winning ticket is North Dakota's second largest lottery prize. North Dakota's largest prize of \$1 million, won last March in Williston, was also a Powerball Power Play purchase.

Powerball players can add the Power Play feature for an additional \$1 per play. This allows players to multiply their prizes, except the jackpot, by two to five times. The Power Play number from 2-5 is randomly chosen during each Powerball drawing. The Powerball drawings are held twice weekly, on Wednesday and Saturday at 9:59 p.m. central time.
